Hi Everyone!

After what seemed like a winter that went on and on, members who attended the April 14th meeting in Bingham were showing signs of eagerness to get back on the MAR trails.

Trail Masters Report. Bruce Cates, our Trail Master, announced that he hopes that the trails will be dry enough to open by the end of May, if it happens before then we will let you know on the hotline, website and facebook. Let's hope the sun comes out and puts smiles on all our members' faces. Let the season begin, but please wait until the trails are officially open.

ATV Maine report. Bill Lombard reported that over 2000 MATS system signs will be going up this summer. Several trails are already numbered similar to the snowmobile system. A reminder for you that the MATS sign will be 10 x 10, black numbers, ATV logo with black circle and green for MATS and border. Also the 2012 state map should have the numbers when it is published next spring. ATV Maine has a new logo...check it out at www.atvmaine.org.

New Business Facebook and Website are current.

First Wind was so excited about our new maps that they wanted to produce 2000 more. The club will handle the circulation. Thank you to First Wind and Integrated Forest Management.

Corey Peterson, a club member and employee of Merle Lloyd & Sons, is now our new assistant Trail Master. Corey will work with Bruce and we give you a hardy welcome and thank you for volunteering and sharing your expertise to help keep our trails safe. Members voted that our John Williams Memorial Ride will officially be held annually on the Saturday before Memorial Day weekend.

There was also talk about having our first meeting of the season in March, a month earlier. I will keep you updated on this.
